

School Out Tomorrow! - - - MPC Game Thursday!

Thanksgiving vacation begins today, November 25, at 4 p.m. There will be absolutely no classes held Wednesday or Friday of next week, although the big game of the year for the Hartnell football squad will be staged in the Salinas Union High School football stadium Thursday, November 27, at 12 o'clock noon (see Page 4).

Classes will resume at 8 a.m., Monday, December 1, and will continue as usual through December 19, at which time the Christmas vacation will begin.

Final Trophy Aim For Team Is Keg

By TOM KLINGENSMITH

They say that "old news is good news," so it might interest you to learn that one month ago our football squad confiscated "Ye Olde Gaboon" from the Menlo Oaks, with their 25-13 win. A standing tradition has it that the victor takes the spoils. In this case, it's the golden cuspidor. It was found by Hector Burke in a deserted cellar, amidst aged cobwebs and thick dust. Evidently the Oaks didn't know they were in possession of the prize.

On the other hand, our rivals from Monterey distinctly knew of the perpetual Hogan's Keg, which we had displayed in our trophy case. They were apparently dissatisfied with last year's game, and, as a result, itchy fingers! But harmonious relations have been restored, as well as the keg; and our team is ready to retain the trophy for the second year.

When we were without a trophy for the Lobo-Panther joust, the commission appointed a committee to revise a new one. At this time, Marty Fourcade, loyal rooster, stumbled upon an old blunderbuss that was beyond killing power. He thought it might be a good figure to fill in for the ancient cask. When the musketoon was just about ready for display—you guessed it—the keg turned up, and some thought that Marty's troubles were going to go to pot. But, as usual, the minds of the commission members began to spark, and they again came up with a beautiful solution.

The Marin Tars accepted half of the responsibility, and we use Fourcade's fowling piece as an annual trophy to the Marin horsehide show. The gun is now being assembled, complete with plaque, and will be on display in the near future.

Secret Crunches Into Carrot Sale

Don't crunch—er, look—now, but the secret is out! The answer to those mysterious posters which have been seen on the campus recently, showing a question mark, and with the words, "Nov. 21," is now public enemy number one of Friday in the form of a carrot sale.

Crisp, crunchy, clean, and carrot colored vegetables were vended in the halls of Hartnell for five cents all day last Friday. This sale of the rabbit delicacy has been re-

Student Leaders In Hollywood

Future at Stake!

That poor bird looks as though he were being given to Monterey Peninsula College. However, the freshmen whose hands are holding him will decide his fate. They, the hands, that is, belong to Linda Lawrence, Butch Rosenberg, and Doris Simon.

As We See It

By DICK JOHNSON

Hartnell is the greatest junior college we have yet seen in 1952, as regards school spirit and associations with other schools.

Spiritwise, no one played by Hartnell has come near the Salinas school, especially Menlo and Marin. Hartnell rooters, with well-soaked Chic Chase leading them, outnumbered the latter school's attendance at the soupy Kentfield mudfest something like 60 or 70 to 15 or 20.

Napa is terrific competition as a friendly school, and we understand that Contra Costa East, with whom we had little association, is near the top in that respect, also; but we stick with Hartnell!

ROSE HOPES HIGH

With a boost in Hart Rose Bowl hopes (see Page 6) we have been doing a good deal of thinking. One conclusion at which we arrived was that the invitation of Hartnell would not only be a great boost for the Harts, but a boon to the Little Rose Bowl committee and Pasadena's Chamber of Commerce as well.

In our opinion, with John Cohen of KSBW and others behind the Panthers, the following from Salinas would be overwhelming. Most important of all is the interest and enthusiasm which invitation of this Northern California representative would create throughout the north end of the state, both for the present, and the future. Our feeling is that the selection committee would be making anything but a mistake in extending the bid to Dick Voris's squad.

Jr. Rose Bowler To View Undefeated Panthers Again

Don Berg, Junior Rose Bowl Western School committeeman, and a party plan to attend the Thanksgiving Day game with Monterey Peninsula College here. Mr. John B. Lemos, president of Hartnell, received word that Mr. Berg will phone him on arrival in a telegram from Jack Lamp, chairman of the Western Schools committee.

This will mark the second game of the season at which the Junior Rose Bowl selection committee has been present, the first being the one-sided affair with San Francisco State Jayvees. At present, only two schools other than undefeated Hartnell are still in contention for the choice to represent the West in this junior classic. Valley of Los Angeles, with a 7-0-1 record, and Compton, with a 7-1-1 record, constitute Hartnell's competition.

On receipt of the telegram, Mr. Lemos expressed the feeling that this was an indication of the committee having a definitely serious interest in the Salinas college. As an indication of its great desire to reach this one goal, last week the team voted to accept no bowl bid other than that from the Junior Rose Bowl.

Throughout the school, all campus activities and plans have been directed toward the rosy theme. Only one thought is in the mind of the Hartnell students and faculty, and that being, "Rose Bowl, here comes the most photographed team in the history of Hartnell College."

Indications of the Hartnell students' efforts for this game may be seen in the greatly increased number of pom-poms prepared for the game. Students made pom-poms in the lounge Saturday, while watching footballs on television.

Frosh To Raffle Turkey At Dance

Everything from raffling a turkey to frying a fish will be on the agenda for the freshman class "Rally Dance" at 9 p.m. this evening. The turkey (see picture) will actually go to the holder of the lucky ticket, or girl, reports Doris Simons, publicity chairman; and the theme of the dance will be based on the idea of a pregame rally, pointing toward the Monte-

Students and Adviser Attend CJCSCGA Confab

Attending the C.J.C.S.G.A. conference at Hollywood, last week were Hartnell College students Ken Van Cleave and Randy Blair, voting delegates; Wallace Lowry, Ramona Eris, and Darlene Clizbe, observers; Hector Burke, who is N.C.J.C.S.G.A. parliamentarian; and Instructor Jerry H.

Girdner, adviser. The fourteenth biannual conference included two days of business, and concluded Saturday afternoon with the installation of new state officers.

Cosponsors of the California Junior College Student Government Association were East Los Angeles, Harbor, Valley, Pierce, School of Agriculture, Metropolitan, Los Angeles Trade Technical, and Los Angeles City College, the host. The Hartnell delegation lodged in the Hollywood Roosevelt Hotel, where the conference business was conducted.

The Hartnell representatives left from the front of the college campus Thursday morning at 8 o'clock, and journeyed to the southern metropolis in the comfort of the Hartnell station wagon, which had been washed especially for the occasion, in order to complete registration before the 8 p.m. deadline, attend the welcoming banquet, and the get-acquainted dance. Time for the general assembly to convene, and serious discussion to begin, was scheduled for 9 o'clock Friday morning.

According to information received by the student commission, "virtually every aspect of campus life in the junior colleges of California" was put under the student microscope when campus leaders and advisers from institutions throughout the state met, which makes final the work accomplished in sectional conferences, such as the meeting at Modesto on October 23. Schools from the N.C.J.C.S.G.A., with Hartnell notable among them, presented at least six resolutions for discussion in the various workshops.

Hartnell dominated the business in the publicity and publications, and student government workshops. Most action was the result and product of Hartnell delegates.

If sectional student government conferences are any indication, the busy day was a hot and furious one for the delegates until 5:30 Friday afternoon. After that time, students were given one and one-half hours to prepare for three hours of "On the Town" excursion.

Collection For Hammond Taken

By DICK JOHNSON

As Thanksgiving Day approaches, another reminder of how thankful most people can be arises in the situation of a Hartnell College student who was injured almost fatally in a recent automobile accident. Don Hammond, well known to many of the students at Hartnell, last week underwent a successful delicate brain operation, on which his life hinged for a period of days.

Hammond was the passenger in a car which struck the rear end of a large truck at 80 miles per hour, resulting in the death of the driver, and critical injuries to Hammond. His parents, Mr. and Mrs. Tracy P. Hammond of Santa Cruz, expressed thankfulness that his life was saved by this surgery, and understandably so.

It was learned earlier this week that there will probably be no form of insurance covering the expense of the operation. For this reason, Panther Sentinel is sponsoring a drive to collect whatever small donation can be taken up at Hartnell to aid the Hammond family.

Collection boxes and receptacles are placed in front of the main office, the student lounge, and at Hartnell A. and M. A collection will also be taken up during the Tuesday assembly, and, if possible, at the Thanksgiving Day game next Thursday.

We of the newspaper staff urge all students to give what little they can to help alleviate the tragic consequences of this accident. If anyone wishes to send a card, the address of Mr. and Mrs. Hammond is 7102 Los Gatos Highway, Santa Cruz, California.

rey game, which is where the fish fry business comes in.

Location for this affair, which is being staged to raise money to be

(Continued on Page 4)

Color movies will be taken of the Thanksgiving Day football contest between Hartnell College and Monterey Peninsula College, it was announced by the A.S.B. commission earlier this week. In the last budget committee meeting, an appropriation for the expense of filming of the contest was made. The commission approved this move Monday.

Hartnell Players To Present "Venite Adoremus"

What's Football?

"Who Is Football — What Is It?" It makes its appearance every fall, making raving maniacs out of otherwise normal human beings, denudes handsome brutes of their toothpaste smiles, makes their femmes hoarse shouting them on; instructors go gray haired trying to build up school spirit and then calm it down again; the cafeteria goes broke trying to feed the enormous appetites; social life, for the first part of the evening, at least, comes to a standstill; and when the game is finally over, participating males are too tired to be enjoyable.

Most males become overly conceited because of their prowess, or hopelessly neurotic because of their lack of it.

Limping athletes are the only people looked upon with favor, and those lacking them simulate them trying to remember which leg it was they were favoring.

So there you have it — bold, bloody, and our joy in life — football.

—Renegade Rip
Bakersfield College

Exchange Talent Tryouts Held

The following students auditioned at tryouts for the Exchange Talent Assembly program which were held recently.

Jim Tevis, Peter Hyde, Carl Triplet featured a trumpet trio, with accompanist, Oleta Mustain; Julia Henderson, vocalist, with accompanist, Bob Azcona; Violinist Mary Migotti and accompanist, Shirley Wharton; Baritone Ed Ingersoll, accompanied by Oleta Mustain; Accordionist Henry Vezzola; Pantomimist Mary Ann Baldwin; and Paul Edwards, who did a monologue.

Those who will try out later are Vocalist Veretta Bolin, Marimba Player Shirley Wharton, Firehouse Five under the leadership of Dick Gularde, and Pantomimists Linda Robbins and Annabeth Bird.

Superintendent Dies

Rosecoe D. Case, 62, former superintendent of Salinas schools, passed away in Knoxville, Tenn., November 7. He had suffered from a long illness resulting from a stroke last spring.

Faculty Discusses Quarter System

The main topic of discussion at the last Hartnell faculty meeting was the question of whether or not it would be advisable to have the quarterly system rather than the semester system now used. The meeting was held in the college library on Monday night, November 10, from 7:30 to 9:30 o'clock, and attended by all of the faculty members.

Mr. Karl Bengston was in charge of summarizing the arguments in favor of the change, and Mr. James Wilson summarized the arguments against it. Mr. Lyman Fowler talked of the difficulties of adapting the A. and M. curriculum to the proposed new schedule. Dr. Luella Hall told of the problems of adapting the curriculum here on the main campus; and Mr. Jerry Girdner summarized the problems involved in co-ordinating the opening and closing of the quarters with the opening and closing of the semester plans of the high schools which send students to Hartnell. He also summarized the difficulties involved in transferring from Hartnell to a university or a 4-year college with a different system than Hartnell has.

After much discussion by the staff members, a poll was taken to see which plan the teachers favored (unofficially). A statement is being prepared by Mrs. Anne Harper to be given to the board of trustees. The faculty, despite its poll, is making no official recommendation.

Under the quarter plan the year would be divided into four parts, including the summer, and the regular college year would consist of three of these. The students could then attend the regular three quarters and graduate in two years, or they could go during the summer, too, and graduate in a year and a half. This plan would also enable a student to make up a missed quarter during the summer, according to President John Lemos.

Christmas Play Now In Casting

With the Christmas season drawing closer, casting is now under way for the Christmas play to be presented by the Hartnell Players. The play selected is "Venite Adoremus," by Victor Starbuck, and it is to be presented at a 3:15 o'clock student matinee on Thursday, December 18, with the regular showings set for the evenings of December 19 and 20. Admission is free to all performances.

This play, the title of which is translated, "Come Let Us Adore Him," is a presentation of the story of the Nativity. It consists of a prologue and three scenes, and has a total cast of 18 persons.

The prologue, which opens the play, consists of a mother and son talking about the Christmas season, and this part takes place in modern times. The following acts are then a sequence of dreams by the boy, in which the boy himself takes part.

The first scene finds the boy in the hills around the town of Bethlehem, in Biblical times. There he meets the shepherds who tell of their dream that the Christ Child is to be born in the manger and also tell of the wise men who have traveled afar, following the star.

The second scene shows the landlord at the inn in Bethlehem, turning Mary and Joseph away from

the inn, and then letting them stay at the stable.

As the third scene opens, the Roman soldiers enter and question the innkeeper, telling him of the stories they had heard, which centered around the idea that King Herod had ordered them to find and slay the Christ Child. The innkeeper denies any knowledge of such a child, and just as the soldiers are about to leave, the shepherds and the wise men appear with their story of finding the child in the manger. Subsequent action follows in this vein, building up to a beautiful and soul-stirring climax.

As in most religious plays, the emphasis of this one is on the staging, lighting, and music. The background music for this play will be hummed and sung by the Madrigal Singers.

European Tour

A pilgrimage through Europe with Barbara Muller was the theme of the Newman Club meeting, held recently in Room 7.

Through aid of colored slides, Miss Muller and her audience toured France, Spain, Portugal, Italy, Switzerland, England, and Ireland.

Football Income Soars With Fans

The football income account has grown this season due to the fine turnout of fans at the home games. In his reports to student finance, Wayne Heple has stated the following net incomes from games: Fresno game, \$1,188.20; Porterville

game, \$1,021.80; Riverside game, \$1,345.75; East Contra Costa game, \$2,289.32; and S.F. State Reserves game, \$1,926.50. This makes a total net income from the five home games of \$7,771.57.

CAMPUSOLOGY

By TEEKAY

For a long time now this scribe has seen a lot of good, friendly school rivalry being carried out to the nth degree without the least bit of trouble — no hoisting whiskey bottles up flagpoles, no destruction of the opponents' school property. But what happens when the Thanksgiving game with Monterey is over? Well, for one thing, Ken Van Cleave is getting tired of cleaning the Panther with gasoline. He claims it is hard to take tar off of his hands, and, besides, that he's running out of gas.

We might think of our good time with Napa Junior College before we carry on our vandalism, if any. Since Monterey is our close neighbor, we should, at all times, treat that neighbor in a friendly manner, and with complete compatibility. Many exchange events can be carried on with the Lobos, but we cannot have complete harmony with them without showing their student body that we are mature in the way that we control our rivalry. Let's make it a tenth big win for our champs, but do it, so far as the fans are concerned, in a subdued way. It'll pay off.

President Lemos released some information recently that we thought you might be interested in. As we know, our majorettes and band made a request for new outfits. Well, if we do go to ye old Junior Rose Bowl, there is a slim chance that new uni's might be confiscated by that time, November 30 being the day for selection, and if it's we who go, get those white shirts cleaned.

At a recent meeting in History 8A, Doctor Hall was getting impatient and demanded "order" from her class. Upon the request, the entire class willingly replied, "beer."

McCann Is California-Western Head

Lorell McCann, the head of the music department of Hartnell College, was appointed chairman of the California - Western Division Committee on Composition and Original Theory in American Schools at a planning meeting held in San Bernardino, California, late in October.

This meeting, which Mr. McCann himself was unable to attend, was held to make plans for the 1953 C.W. conference to be held in Arizona next March.

The committee headed by Mr. McCann consists of the state chairmen of Arizona, California, Nevada, and Utah, among others. These four states are the ones which comprise the California - Western Division. McCann's committee has charge of planning the exhibits on composition and theory in American schools that are to be used at the convention next March.

This committee consists of representatives from schools on all educational levels from grammar school through the universities. The three main projects on which they are now working are (1) exhibits of original composition by music educators and students (both tape recordings and live performances are planned to supplement the regular exhibits at the convention),

(2) surveys of the four states of the C.W. division to determine the number of high schools that do or do not teach elementary theory, and (3) a survey of all state colleges and universities to determine their requirements for courses in order that the committee might coordinate the junior and senior colleges in the states.

Mr. McCann has been active in this organization for many years. He was the state chairman of the C.W. committee on theory and composition for four years, and last year was appointed to the national committee. He has spent a lot of his time trying to gain more chance for recognition of the original compositions of students and teachers of music. He has written such articles as "Why Not Include the Composer?" published in the February-March issue of the "Music Educator's Journal."

The original talent exhibits this year are primarily the results of McCann's attempts to provide a way for such to be publicly heard rather than just written and forgotten. These exhibits will give the composers a chance to have their compositions heard, and Mr. McCann is gratified that his ideas to this effect have been accepted by the committee.

Internationals Prepare For December 4 "Chinese Dinner"

The annual Chinese dinner sponsored by the Hartnell International Club is to be held again this year, December 4, in the Women's Gym. Tickets for the dinner will be 75 cents.

Those members of the International Club heading committees for the preparation of the dinner are Lutz Graf zu Muenster, who will head the food committee; Ba-

bette Giannini, publicity; Eleanor Oakley, decorations; and Marty Fourcade, finance.

In previous years the dinner had been held in a smaller room of the college, but anticipation of a large crowd this year moved the affair to the Women's Gym.

The Republic Café, noted for its fine Chinese cuisine, will furnish the food.

Letter To The Editor

Dear Sir:

As you probably know, Marin Junior College asked us to bring entertainment to the dance after our game. Since our commissioner for rallies and assemblies had been ill and our student body president was leaving at noon for Marin, I was asked to organize a talent show to take up to the dance.

The following people agreed to render their services: Jim Hitchcock, Paul Edwards, Julia Henderson, Darlene Ritchie, Bob Azcona, Kenneth Lowe, and Gene Norcross. I would like to thank them all very much for agreeing to perform on such short notice, and for being so co-operative.

However, the main purpose of this letter, aside from expressing my appreciation, is to apologize profusely for the behavior of the audience to which the performers were subjected. I think we all agree that we have never witnessed such an unmannerly group of people in any school, particularly a college. If we had had any inkling of the conditions under which we had to put on a show, we would not have accepted their invitation.

Again, may I express my appreciation for the fine school spirit exhibited by the performers whom I mentioned before, and also, until a letter of apology from Marin is received, please accept my apology on their behalf.

Sincerely,

DARLENE RUST

TURKEY . . .

(Continued From Page 2)

used to throw a bigger affair, will be the Hartnell Men's Gym. Music for the dancers will once again be provided by the top musical artists of the dance world, as their not necessarily new wax impressions will be placed under the needle, and on the turntable to produce the melodies.

Hartnell Spirit Shows

White Shirts At S.F. State Game

The Hartnell rooting section looked good at the San Francisco game crammed with pom-poms on a white background. The white was furnished by each individual present, resulting from the rooters' white shirts and blouses; but the pom-poms were the creation of a few industrious students who spent their time on Friday making them.

Darlene Rust, who was mainly responsible for the pom-poms, spent the better part of Friday afternoon and night leading her committee in the manufacture of the flashy maroon and gold pom-poms.

Others comprising the committee, and to whom much credit is due, are David McGee, Lorraine Borba, Emil Yappert, Ken Beecher, Linda Robbins, Babette Giannini, Darlene Clizbe, Anne Marie Young, and Marty Fourcade.

Faculty Members Attend San Jose Education Meet

Several members of the Hartnell faculty attended a special educational committee meeting held in San Jose, California, on Tuesday night, November 18, aim of which was to iron out wrinkles relative to college natural science courses.

This committee has been meeting for some years for the purpose of discussing and evaluating the present natural science courses given in the colleges. At Tuesday's meeting they reviewed their previous findings about the natural science courses, in order to determine whether or not they meet a need in junior college education; at previous meetings they had outlined a curriculum for science courses in colleges and are personally studying it for possible advisable modifications.

The committee is composed of members of the faculties of Hartnell, San Jose State College, San Francisco City College, and Modesto Junior College. It is under the leadership of the man who originated the idea of the committee and first organized it, Dr. Frank Gillette. Doctor Gillette is now in charge of the Western Civil Defense.

The Hartnell faculty members who attended the meeting were Mr. Robinson, Mr. McCallum, Mr. Wilson, Mr. Anselmo, Mr. Lemos, Mr. Criswell, and Doctor Hall.

Hart 'Gentlemen' Impress Napa J.C.

By TOM KLINGENSMITH

It has occurred to this writer that not only does our Panther football squad represent the college in a fine athletic manner, but they seem to be as fine a bunch of gentlemen as the N.C.J.C.C.C. could produce.

President Lemos recently received a very complimentary letter from Napa Junior College to verify that fact. It was sent from H. M. McPherson, superintendent of Napa Public Schools. In it he praised highly the fine, clean sportsmanship that the team displayed during the Napa game, and especially after the game, during the dance. McPherson also stated: "In every way, the squad is something to be proud of, and it most certainly reflects the fine leadership on the part of coaches and student advisers."

Students and other fans wholeheartedly agree with the Napa superintendent, in that the college has not only the finest gentlemen in the league, but the league has the best team as a member of it — the Hartnell Panthers.

Victory Banner May Be Replaced

Many Hartnell students have recently been expressing a desire to see a new victory banner replace the slightly weatherbeaten one now in use.

When informed of this fact, Student Body President Ken Van Cleave said that the purchase of a new banner was entirely possible if enough students wished it. If a majority of the students want a new victory banner, a motion to adopt one can be presented to the commission in person at one of their meetings, or a formal letter can be sent to them requesting it.

The present flag was presented to the college by the A.W.S. and the Men's Club in 1949, and has flown after every Hartnell victory since. The great number of wins has caused the banner to become slightly weathered, and many students feel that with such a good team we should have a new banner to honor it, and the victories.

CARROTS . . .

Hartnell Is Accredited

In 1953 Hartnell will take its place alongside the regular four-year colleges on the Western Colleges Association's accreditation list, a move made possible for the first time last year when the junior colleges of California voted to join the W.C.A. This was done in order that they might receive the advantages of being placed on the nationwide accreditation list, whereas until now only four-year colleges were on this list, and the junior colleges were accredited only by the State Department of Education and the University of California.

Each of the junior colleges to apply, of which Hartnell was one of the first, will be placed on the first list to come out in January of 1953. Whether or not they remain listed depends on whether or not they can pass the required inspection.

This inspection will be conducted by a committee composed of representatives of the W.C.A., the Junior College Association, and the State Department of Education. It will be very thorough, and will cover every point relative to whether or not the college is adequately fulfilling its job of teaching the students. The committee will start with an investigation of the aims and purposes of the college and whether or not they are fulfilling these aims. It will proceed to require a complete statement of the background, training, and experience of each of the instructors and administration officers. The complete facilities of the college grounds and buildings will be inspected; the area available for classrooms, labs, shops, offices, and teachers' workrooms will be reviewed. In addition, the cafeterias, auditoriums, student unions, and storage facilities will be examined.

If the college passes this investigation it remains on the accredited list; if it does not it is dropped until it can pass. Being on this list will add much to Hartnell's reputation, as well as adding convenience to all connected with the college, for now any other college, anywhere in the U.S., can recognize Hartnell as an accredited college merely by checking the list.

Hartnell Alumnus Playing Ball Abroad

Stuttgart, Germany.—P.F.C. Gerald P. Ryan, whose wife, Betty, lives at 136 W. Maple Avenue, Fullerton, California, is a member of the U.S. Seventh Army Headquarters football team in Germany this season.

Stationed in Stuttgart, Ryan is a tank inspector in the 912th Ordnance Company. He plays guard for the headquarters team, which competes with those from other U.S. military installations in the area.

Ryan is a 1944 graduate of Hartnell College. Before entering the army in February, 1950, he was engaged in farming. His parents are Mr. and Mrs. John P. Ryan of 900 River Road, in Salinas.

Hartnell Coeds Go To Cal Poly

Girls Reign Over Samuelson Game Festivities Recipient Of Letter

Eight young ladies from Hartnell College, which is currently leading contender in the Western bid to the Junior Rose Bowl, traveled down to San Luis Obispo last weekend to act as "Queens for a Night" at the California State Polytechnic College. They reigned in unison over the festivities that centered around the football game between Missouri State College and the Cal Poly Mustangs.

Girls selected for the honor were Claudia Day and Loava Mead from Hollister, Margie Russo of Elkhorn, Linda Robbins of Watsonville, Bernadette Nunes of Gonzales, and Karol Klauer, Marlene Lampe, and Sally Lipsett of Salinas.

After they arrived in San Luis Obispo late Saturday afternoon, they attended a reception where they met their escorts for the evening. The student body dance concluded their activities which included, prior to the dance, a banquet and the game. Hosts for the coeds were a number of faculty members and families.

Hartnell Clubs Pose for Camera

During the morning classes on Wednesday, November 19, the front steps of the Men's Gym were the scene of the annual ordeal of photographing Hartnell's clubs, organizations, and the freshman class. Hurl Swartz was the photographer, and staff members of the yearbook assisted him. Attendance at the picture taking by the students to be photographed was assured by the fact that they were excused from classes at the times scheduled for photos in which they were to appear.

The sophomores whose pictures were taken last year can have them reprinted this year at a cost of only one dollar, says the yearbook editor. This makes it unnecessary for them to be rephotographed again this year.

Mr. Rube Samuelson, sports editor of the Pasadena Star-News, last week received a letter written by Doug Baldwin, sports editor of the Salinas Californian, describing the football standing of Hartnell College.

Doug, one of Hartnell's most enthusiastic supporters for the honor of representing the West in the Junior Rose Bowl game, listed the number of wins by Hartnell and the number of points scored by and against the Panthers in this football season.

The letter stated also that Doug believes, though no Northern California team has ever before been selected to play in the bowl, if the Panthers should be lucky enough to receive an invitation to the bowl, and they should accept, Pasadena would have "an aggressive, well-coached team carrying the colors of the West."

Flips Finish First

Volleyball competition came to a close last Wednesday with the Flips coming out on top of the hotly contested league. Finishing after the Flips were the Pomeroy's, Faculty, Beachcombers, Wheaties, Weaker Sex, and the Clara's Gals, in that order.

The two top teams, Flips and Pomeroy's, will receive first and second place medals, respectively, for their winning efforts. The Flips are composed of Joe Calderon, Demetrio Achacoso, Noah Encalado, Julian Avilla, Chick Chase, and Pat Harwood. Medal winners on the Pomeroy's are Jack Forsyth, Richard Adams, Paul Heinrichs, Chuck Powers, Tom Klingensmith, Henry Hibino, Louie Masuda and Henry Garehime.

Hartnell on Radio

"Hartnell Reporting," a radio program put on by the students of Hartnell College, had its first program on Thursday, November 20, over Station KDON.

This program is to be heard each Thursday at 2 o'clock from now until the end of the term, and will feature news and events at Hartnell College plus interviews with faculty members and students. An interview with Hartnell's president, John B. Lemos, was a feature of the first program.

The student cast of the program will include Paul Edwards as general announcer, Bill Garey as sports announcer, Mary Ann Baldwin and Pat Toney as social activities announcers, and Myrtlerose Craig as campus interviewer. The program advisor is Mr. Harold Ulrici, the dramatics instructor at Hartnell.

Junior Colleges Meet In Berkeley

The Northern California Junior College Association is holding its fall business meeting in Dwinelle Hall, University of California, Berkeley, on Saturday, December 6. Hartnell will be represented at the meeting by Miss Rothrock, business instructor here at Hartnell, who is the present treasurer of the N.C.J.C.A.

The program at the meeting will include registration, the election of new officers, committee reports, a speech by guest speaker, Dr. Basil H. Peterson, a luncheon at which the new officers are to be introduced, and tours of the Radiation Lab and the campus.

Dr. Peterson, the guest speaker, is the president of Orange County Junior College as well as the president of the American Association of Junior Colleges, and will talk on the topic, "Education for What?"

Plans For Movie Are Under Way

For only \$1.50 and one hour each day of the school week from January 3 to January 30, any person with a record of some knowledge of the Spanish language gained in his recent or distant past can receive one unit of lower division college credit by studying and participating in a class presentation of the Mexican movie, "La Casa Colorada." This class in practical Spanish is a new and unusual unit required of the regular Spanish II students, and designed for nearby people who wish to revive their Spanish knowledge.

Enrollment for the practical class in Spanish has begun at the main office of Hartnell College, announced Mr. Emil Ramos, Spanish instructor. The cast for the script, based on the novel by Angel Moya Sarmiento, includes 20 roles, which means that students must register before December 19, when Christmas vacation begins, in order that the \$1.50 workbooks may be ordered.

"La Casa Colorada" is deeply rooted in the culture and political history of Mexico, which created an added interest for the student. Whether your interest rests in the language, or the culture alone, or both, this is a wonderful opportunity if you wish "to do" something about your Spanish.

The Educational Service, Inc., of Clasa-Mohme, Jacksonville, Illinois, has provided the script of the film, which will be studied in detail by the class. After the script becomes thoroughly familiar to the class, the film will be shown a number of times during one week, in order to co-ordinate the written Spanish with the spoken words.

Many From Here Donate Blood

Due to the last drainage of Hartnell blood, several members of the student body are nearing the "Gallon Club." John Westphal has poured out six pints of the life giving fluid, while Dick Johnson and Ada Bassi have donated five; at the halfway mark are Ken Kane and Bob Koda.

With three pints are Emel Yappert, Marguerite Newsome, Duane Herrman, Bob Heinzen, Jack Forsyth, and Tom Carr. Two pints, Bob Azcona, Darlene Clizbe, Lloyd Harguist, Bill Kiepara, and Maryetta Lawson. Those who gave for the first time are Don Williams, Diane Robinson, Dorothy Pruett, John Hagerty, Bird Adams, JoAnne Beilby, Elinor Evans, and Don Culwell.

Miss Betty Smith, chairman of the Red Cross blood donating center, in Salinas, recently sent a letter to Emil Yappert, H.C. chairman, commending these students for their fine co-operation and patriotism.

DE-FANG THE LOBOS!

Harts Beat S. F. State, Marin; Last Game Thursday

Panthers Wallop JVs By Eight TDs

The Hartnell Panthers led San Francisco State Reserves to a 52-0 slaughter Saturday night, November 8, the highest scoring Hartnell contest seen in the local stadium in a good while. Coach Dick Voris took the wraps off his Panthers and let them go for all they could get, although he did clean the bench. The Gators were over-matched, and the tilt was almost totally uneventful for them.

Tony Teresa and Clive Bullian paced the Hart assault with two T.D.'s apiece, accounting for four of the total eight markers. The Panthers took ten minutes to get into the scoring column, but after getting started, they never looked back.

Teresa scored the first touchdown from seven yards out in the first quarter and then, a few minutes later, went twenty-eight for the second. Norman converted once and one was blocked. Bullian broke loose just before the quarter ended, going 65 yards to score. The conversion was again blocked.

Bob Scofield opened the second period with a two-yard blast for six points. The conversion attempt was wide, and the half ended 25-0.

Early in the second half Jim Crain blocked a San Francisco punt and Jack Brooks picked it up and ran five yards into the end zone. Again the extra point was no good. Art Hernandez got the other marker in the third stanza, going over from one yard out.

The final two T.D.'s were made in the last frame, one a 35-yard run by Bullian and a 16-yard pass from Dillard to Olson. Norman kicked one extra point and passed to Jackstis for the other.

Hernandez made a beautiful 65-yard touchdown run and Chuck Dillard went over from the seven, only to have both nullified by penalties.

The offensive squad turned in a fine performance, gaining a net of 526 yards, and the defensive unit played up to par also, allowing no threatening penetrations throughout the contest.

The coaching staff was pleased, all in all, with the results of the contest, although it was a breather.

Irv Verret turned in a good performance for the Panthers, his first action in some time, and Tootie Hernandez did some fine ball packing in the Hart marches.

Total First Downs And Yards Gained

	Hartnell*	Opponent
Total first downs	136	76
Yards gained rushing	2200	798
Yards gained passing	828	484
Total yards gained	3028	1282

* In 8 games.

SIDELINES

By CHAZ

In our search for people around the college deserving of credit for services rendered in connection with football, we had no trouble discovering the following persons:

LOYAL STATISTICIAN

First on the list is Taylor Burton. Taylor has attended every Hartnell football game and has kept written records of every single play including number of play, ball carrier, yards gained, etc. Some results of his labors can be seen elsewhere on this page in the form of statistics showing the totals of everything the Panthers have done so far this season.

GAME ANNOUNCER

Secondly we have Dennis Welch. You have heard him on the public address system at each home game. Assisted by Roger Joest, an instructor at Washington Junior High, who is his spotter, Denny has done a splendid job in giving a running account of the games for the benefit of you spectators.

H.W.C. WORKS HARD

The final person whom we will mention as being active in the local football picture is that intangible personality known to all as Henry W. Cassady who, among many other things, is the very capable and highly esteemed advisor to this weekly four pages of newsprint. Mr. Cassady has been keeping himself quite occupied these last few weeks with his avocation of making sure that as many people as possible know as much as possible about this year's edition of the Panthers. His success has known no limits.

Evidently there are people interested in watching Hartnell play in a bowl game other than the citizens of Pasadena. Mr. Lemos found a letter in his mail, a week or so ago, from the Shriners of Bakersfield, California. They desired to know if Hartnell is interested in participating in their annual Potato Bowl game. At the present time we are primarily concerned with the Lobo which could prove to be a big thorn in the path to Roses.

We made a small mistake in our last attempt at column writing for we neglected to mention Palo Verde as being undefeated. How-

Panthers Score 247 Points in Nine Games

Little Rose Bowl Sends Forth Feelers

In keeping with its policy of making the Hartnell student body one of the best informed in J.C. circles, The Panther Sentinel has put forth an extreme effort to find just exactly where Hartnell stands in relation to the Junior Rose Bowl game. The game is staged between a representative from California and the outstanding junior college team in the other 47 states.

Mr. Jack Lamp, Western schools chairman, and Mr. Walter Gerlach, an advisor, of the game's executive committee came up to look at Hartnell College and its football team. Mr. Lemos recently received a letter from Lamp who thanked Hartnell on behalf of the Pasadena Junior Chamber of Commerce for the "wonderful reception" extended to him and Gerlach while they were up here. Furthermore, he said, "We were indeed impressed by the college, the community, and the football team. We are looking forward to seeing you again in the very near future."

Another letter was sent to the college by the Pasadena Junior Chamber of Commerce stating that Hartnell is one of five teams under consideration for the Little Rose Bowl bid. They requested a complete roster of the squad, statistics of all games played to date, scores of those games, and any other information we feel might help to have our team selected.

Last week, Mr. John Cohan, manager of Radio Station KSBW, went down to the Los Angeles area on business. He also managed to have some conferences with people affiliated with the game such as Dick Hubbel, general chairman of the affair; Jack Lamp; Richard Fowler, of the Pasadena Management committee; and Durwood Howes, III, who is the immediate past president of the sponsoring junior chamber.

Hubbel, the chairman, gave Hartnell a better than even chance of being invited. He said that the chances of the Harts being selected are favorable and much better than any other Northern California junior college has ever had. Two things are of the utmost importance insofar as Hartnell's Rose Bowl plans are concerned. The first is how well the Panthers play against Monterey Peninsula College on Thanksgiving Day. The second is the amount of publicity that is sent to Pasadena from Salinas about about the football team.

ever, they conveniently lost last week so it is now safe to say that Hartnell is the only unbeaten and untied junior college in the state.

Men! Have you noticed the picture of a very cute and innocent little boy posted in the men's gym next to the medals to be awarded for intramural volleyball? Gonzales should be proud of that little fellow.

Hartnell Takes On Lobos In Thanksgiving Classic

The mighty Hartnell Panther football eleven is priming for the traditional Turkey Day encounter with the Lobos from Monterey Peninsula College, to be held in the Salinas Stadium at 12 o'clock noon on Thursday.

The Panthers eked out a 19-14 victory over Monterey last

Harts Beat Marin 15-0 In Mudbrawl

Hartnell overpowered the Marin Mariners by a count of 15-0, last Friday night on the host's soaked gridiron.

The Panthers' roaring offense was somewhat hampered by the wet field, but they did pretty well, considering, rolling up 222 of their total net gain of 321 yards on the ground.

Hartnell scored four touchdowns in the first half only to have two of them called back because of penalties. Bullian scored the first valid T.D. with three minutes remaining in the first stanza, capping a 50-yard drive with a 13-yard gain and paydirt. Marty Norman missed the conversion.

Bob Scofield went 64 yards into the end zone on the first play of the second half only to have it nullified. Late in the second quarter the Harts scored the final six pointer on a 23-yard pass from Chuck Dillard to Jerry Jackstis in the end zone.

Tony Teresa flipped a pass to Jackstis for the extra point, making the score 13-0.

Don Benedetti broke loose for 92 yards in the last minutes of the second stanza, but again the play was called back.

The second half proved to be almost uneventful for either team, although Paul Malech did tackle a Tar ball carrier in the end zone for a safety and two points. This ended the scoring, and the contest ended, 15-0, Hartnell, the ninth straight win for the Panthers.

The Panther coaching staff was very well pleased with the outing, stating that the boys did a fine job considering the poor game conditions.

The Harts' only injury was sustained by tackle Jim Kirby who received a hip "pointer" in the encounter.

	H.C.	M.
First downs	14	8
Passes attempted	9	19
Passes completed	2	5
Passes incomplete	5	12
Passes intercepted	2	2
Yards from passing	99	60

Total yds., passing, rushing, net	321	89
Penalties	8	5
Yards lost, penalties	70	45
Fumbles	8	4
Lost ball, fumbles	6	0

Score by quarters:

Hartnell	6	7	0	2-15
Marin	0	0	0	0-0

year in a muddy, rain-soaked gridiron, to end with a Cinderella touch an otherwise not very successful season.

The contest will be number ten for the Panthers, who would like to make the Little Rose Bowl their eleventh, if only given the opportunity.

The Harts are now a cinch for a tie in the N.C.J.C.C. championship race, and expect to take over full responsibilities for the honors, come Thursday. This year's team is the first top team representing the Panther college since 1939, when the powerful squad of that year took a two-way tie for laurels.

VORIS DOESN'T SELL THEM SHORT

The M.P.C. pigskinners will invade the hometown gridiron looking for an upset that would make their year complete, stated Panther Mentor Dick Voris. Underdog teams throughout the football nation are coming up with the impossible each year, and that is what Coach Voris will be doing his best to prevent happening next week. If he succeeds in keeping his boys in tow, and not letting them get overconfident, the Lobos will suffer the same fate as have nine other football teams who played against the Panthers this year.

SEGOVIA GOOD

Monterey's record is only fair to date, but they have come a long way since the first of the season and have formed a very respectable club around their converted full-back, Larry Segovia. Segovia is the Lobos' big hope against Hartnell; if the Harts stop him, as they did last year, Monterey will be hurt. If they don't, M.P.C. could knock the Panthers over and out of a possible bowl bid. And Monterey would enjoy nothing more, should this happen.

VORIS NOT CONFIDENT

Head Man Dick Voris isn't feeling too good about the coming event. Although the Panthers are in top shape, he thinks Monterey will enter the clash with a definite edge on Hartnell. M.P.C. has nothing to lose if they are defeated, putting the pressure on the Harts, who have plenty at stake.

Voris will have his best against the Lobos, come what may. Teresa, Scofield, Bullian, Snider, Benedetti, Hernandez, Blair, Norman, Dillard, et al., will share the backfield duties, while such men as Crain, Adams, Gualarte, Brandon, Herman, Froli, Brooks, Jackstis, Perkins, Leddin, and Van Cleave, to mention a few, will see most of the line action.

The whole Panther roster and coaching staff will be working together to try to make a certain Monterey gent named Tidwell eat a quotation uttered before the first game back in September, "Hartnell will be lucky if they win one game this year."
